MATERIAL SAFETY DATA SHEET

Product name: Premiere Laundry Detergent

Date prepared: January 2, 2002

Hazardous Ingredients:

No substances defined as hazardous present.

Other ingredients:

Sodium carbonate	CAS 497-19-8
Sodium silicates	CAS 6834-92-0

Physical/ chemical characteristics:

Solubility in water: About 15%.
Appearance and odor: Blue crystalline solid, lemon odor.

Fire and explosion hazard data:

Flammability: Not flammable in normal circumstances.
Extinguishing media: Regular foam or carbon dioxide or dry chemical.
Hazardous decomposition products: May form toxic materials: carbon dioxide and carbon monoxide, various hydrocarbons, etc.
Unusual fire and explosion hazards: As with any organic containing product never use welding or cutting torch on or near drum (even empty) because product (even just residue) can ignite explosively.

NFPA codes:

Health - 2, Fire - 0, Reactivity - 0, Other - none.

Reactivity data:

Hazardous polymerization: Cannot occur.
Stability: Stable.
Incompatibility: Avoid contact with strong oxidizing agents.

Health hazard data:

Inhalation: May have irritating dust.
Skin contact: May irritate the skin, especially sensitive skin or with prolonged contact.
Eye contact: Contact can cause irritation to the eyes.
Ingestion: Can cause irritation to mucous membranes.

Emergency and First aid procedures:

Eyes: Immediately flush with plenty of water for at least 15 minutes holding eyelids apart to ensure flushing of entire eye surface. Seek medical attention.
Skin: Wash off with water.
Inhalation: Remove person from area to fresh air.
Ingestion: If swallowed, do not induce vomiting. Give large quantities of water. Consult a physician.

Spill or leak procedures:

Clean up spills by sweeping up or shoveling up material. Then flush spill area with water.

Waste disposal methods:

Dispose in accordance with the federal, state and local regulations concerning health and pollution.

Protective equipment to be used:

Respiratory: Dust mask if dust is excessive.
Eye: Eye protection is recommended in all industrial workplaces.

Special precautions or other comments: Containers of this material may be harmful when emptied since emptied containers retain product residues (vapor, liquid and/ or solid). All hazard precautions given in the data sheet must be observed.

Note: The information herein is believed to be efficacious and accurate; however, no warranty is made with respect thereto. Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances. Prepared to comply with the OSHA hazard communication standard (29CFR 1910.1200)
